- 7) RCC slab (3.5'x3.5'x3'') would be covered over the pit.
- 8) WC with p-trap would be used.
- 9) The bids must clearly mentioned price of items inclusive of transportation and all eligible taxes
- 10) Further details drawings can be download from thardeep website.

4. Equipment for enhancing humanitarian response of TRDP

a) Boats

Inflatable power boat with capacity of 6 persons. (2 Nos.)

Specifications

Beam: 5 ft 9 ft

Length: 11 ft 6 inch

Weight: 200 lbs.

Passenger: 6 persons.

Horsepower: 30 hp.

b) Del Aqua Kit

Complete del aqua kit (1 Kit)

Specifications

Dimensions: 370x140x260mm

Weight: Approx 10kg

Incubator: Temperature 44 Celsius, power 12v (internal battery -charger supplied), capacity 16 x 47mm petri dish. The kit is supplied with consumables for 200 tests.

The Kit Includes:

- A 44°C Incubator
- Battery Charger
- Temperature Check Kit
- Consumables for 200 tests

c) Dewatering Sets

Complete set of dewatering (10 Sets.)

Specifications

Maximum Flow: 100 gallon per min

Outlet: 2''

Motor: 6.5 A

Speed: 1725 RPM.
Suction Lift: 10 ft

d) One Binocular

e) Staff Safety Kit (5 Kits)

Safety Jacket

20 meter rope with hook

Torch (water resistant battery operated flash light)

FM/AM Radio (Water-resistant Battery-operated AM-FM Radio with earphones)

Emergency **Thermal Blanket**

Leather Work/Safety Gloves

Adult Size Ready Mask

Wallet-size First Aid Kit

Traffic Vest - Hi-Viz Orange Mesh 100% Polyester Vest with elastic adjustment on both sides, front hook and loop closure. Size Regular

5. SPECIFICATION FOR BOARDS ON FLOOD DAMAGES.

- 1) Complete Board, total numbers =70 No, size of Board (8' x 6' x12')
- 2) Pipe diameter 2.5" with 19 gauge.

6. Stock Piling. Allocated budget

- a) Latrine with slab & privacy as per specification above (quantity 500)
- b) Health & Hygiene Kit as per specification above (quantity 1500)
- c) Dewatering Set as per specification above(quantity 20)
- d) Water Purifier (quantity 500)
