**13,226**
TRDP provided fodder and de-worming medicine support to 13,226 vulnerable farmers for their livestock in 616 villages of Tharparkar.
Community Investment for Income Generation & Sustainable Livelihood

4.66 Million Cash Support
Distribution of cheques (cash) grant for Income Generation to poorest households. In current lock down situation, by using income generation grant provided by TRDP to the poor households for starting small grocery shops for securing their livelihood needs.

Supported grant cheques of PKR. 4,662,000 (4.66 million) to 217 poor families at the doorsteps to secure their livelihood in programme districts.

COVID-19 Mobile Medical Clinics
So far, TRDP organized some 27 mobile medical clinics in different villages in the programme districts. Some 3,883 patients treated and provided medicines under emergency repose.

COVID-19 Awareness Raising Sessions & Leaflets
Community Resource Persons (CRPs) from village institutions facilitated in delivery of 90 sessions on health and hygiene and its precautionary measures. Sensitized the communities to keep social distancing and washing hands frequently in order to prevent the spread of COVID-19 pandemic and to stay safe and protected. Awareness leaflets distributed among the community in the programme districts and shared through social media.

Tree Plantation Campaign
TRDP started tree plantation campaign during monsoon season in programme districts.
TRDP Program for Improved Nutrition in Sindh _ PINS-ER2 Facilitation to Health Worker

In district Tando Allahyar, through the TRDP Program for Improved Nutrition in Sindh (PINS ER2) at village and union council level conducted a series of meeting with Community Health Workers (CHWs), facilitated in delivery of on job sessions for their capacity building and orientation about SBCC tool kit along with distribution of kits to CHWs, distribution of surgical masks and hand sanitizers, record keeping and MUAC taking process, monthly reporting. TRDP also raised awareness and sensitized to parents for their children having severe/ acute malnutrition and gave guidance to refer to nearby OTP site / health facilities. Also conducted meeting with Nutrition Assistant PPHI at BHUs regarding strong coordination, community health worker approach to locations, absent/defaulter list sharing with TRDP.

Highly readable, informative. The article explains in brief the scale and diversity of RSPs work, which is their comparative advantage. https://www.theparliamentmagazine.eu/news/article/defending-the-defenceless-pakistans-rural-support-network-takes-the-lead

Defending the Defenceless: Pakistan’s Rural Support Network takes the lead.
